

The Alien and the 100 Superheroes

Once, 100 years ago the monster team up with aliens to destruct the world.

The 100 superheroes found them going to their hiding spot using a gps. The monster and the aliens started digging to go underground to find the superheroes capes and daggers since they wanted to get their power. They were digging for so long that they got tired, so the superheroes snatch the daggers and swords from the monster, and all the monsters fainted, but the aliens were part ninja and kept fighting. The Aliens used bows and arrows to fight the superheroes. But the superheroes kicked and punched and they won again getting many awards, 100 medals and 100 trophies.

The End.
