By Gabo

Deep in the bottom of the sea lived an evil sea serpent. There were a lot of tunnels that lead to big cage

The superheroes were back at their house watching superhero shows on TV. They were eating popcorn on a couch. Henry said “this new house is awesome. It has its own popcorn dispenser”, He said “OH, popcorn’s out we ran out of popcorn”. So, Henry went to make some more. Henry fell, he hit some weird button. “This house is awesome; it has its own GPS too”. “Wait is that a sea serpent roaming under the sea, stuck in a cage?”. “We got to go help those people that live there”.

The tunnels that lead to the sea serpent go from the shallowest part of the ocean to middle of the ocean. “We got to get there real quick” said Fred. When they opened up the door, they saw their little kids in front of the door. The little kids said, “were are you going?” The superheroes said, “to buy you some ice cream”. They said, “OK Dada!”. When the superheroes got away from the kids, they said “Wheew!”. So, the superheroes, said “Wait, how are we

going to go underwater?”. Fred said “Aha! The aqua sub!”. So, they traveled in the aqua sub. They started to get deeper in the ocean. Fred said. “Everyone to your stations”. Five minutes later, Henry said, “Fred, go to the hole! Those are the people that are trying to fight us!” The superheroes grabbed their daggers and swords. One of the bad people opened the serpent cage. The serpent came out. It breathed fire. If the sea serpent got the crystal of dragon it would turn into a sea serpent dragon. The sea serpent started swimming to the crystal. The superheroes said “we need to get to the crystal before the sea serpent does. They started swimming. The serpent won the race.

The serpent got the crystal, and it turned into a dragon. They used their capes, daggers, swords, and guns to fight it. The superheroes won the fight. The superheroes took the crystal from the dragon. They locked the dragon back up, and they called the police to put the bad guys in jail, and they locked the crystal up in their new hideout.
